

## September 13 Questions

- 1) Part 3 of the genealogical records of Israel. \_\_\_\_\_ and \_\_\_\_\_ were not included in the genealogical records of 1 Chronicles. The tribe of \_\_\_\_\_ refused to possess their inheritance, abandoned their land, and seized control of a peaceful city far to the north. They also created a rival \_\_\_\_\_, adopting Micah's god as their own (Judg 17–18). The tribe of \_\_\_\_\_ did not distinguish itself throughout Israel's history, and it received little mention after the time of the judges (cf. Isa 9:1). Tribes and nations who refuse to honor and serve God inevitably decline, first \_\_\_\_\_, then territorially, and finally, \_\_\_\_\_ (2 Kgs 10:31–32). The graveyard of history is filled with nations and empires which rose to prominence on the world stage, only to be destroyed because of \_\_\_\_\_ and moral \_\_\_\_\_. This teaches us the importance of loving and obeying God, lest we fall into the same \_\_\_\_\_ which has overtaken so many others.
